Report of School Board.

The school year embraced in this report closed July 15, 1916.

Four schools were maintained for 35 weeks, and the Old South school for 22 weeks, which was then closed for lack of scholars, it being more economical to send the scholars to Bradford.

The total enrollment of pupils in the schools was 77, 41 boys and 36 girls. Visits by members of the school board, 41; by parents and others, 404.

Repairs have been made as needed, the buildings being in very good condition. A new out building has been built at East Sutton, as recommended by the state superintendent.

Visits to the North and Center Division schools were made by state superintendent Morrison and assistant superintendent Butterfield, who very highly commended the teachers and condition of the buildings.

In accordance with the law we submit the following estimates of money needed to meet statutory obligations for the coming year.

High school tuition	\$600 00
Books and supplies	175 00
Flags	10 00

Report of the Public Library.

The past year has been one of growing interest in the library. As in former years the library has been open on Saturday afternoons, only, but it is the desire of the trustees, that some way may be found in which to extend the usefulness of the library to the entire community. A valuable addition has been made to the books of reference in a set of Encyclopedia Brittanica, a dictionary of the arts, sciences, and general literature. The trustees have been revising the library through the winter, and are now working on the new catalogue.

Whole number of books in the library,	1774
